

## 2017 Distribution

The Tocqueville Funds paid a distribution on December 13, 2017 in the amounts indicated below.

The Record Date was December 12, 2017 and Ex and Payable Date was December 13, 2017.

Please note that each Fund's net asset value per share (NAV) is affected when a distribution is paid. Capital gains and dividend distributions will reduce each Fund's NAV by the amount of the distribution on the ex-dividend date. For example, if a Fund were to pay a distribution of \$2.00 per share and the Fund's NAV were \$30.00 per share prior to the distribution, on the ex-dividend date, the NAV would be reduced as a result of the distribution by \$2.00 per share to \$28.00. Market activity may also impact a Fund's NAV on the ex-dividend date, so the total change in a Fund's NAV may be more or less than the net distribution.
